FINANCE DEPARTMENT,  
OTTAWA.

The Hon. Sir HENRY DRAYTON, K.C., K.B.,  
Minister of Finance, Ottawa.

SIR,—I have the honour to submit to you the Public Accounts of Canada for the fiscal year ended March 31, 1920.

In carrying out the policy of making the balance sheet simple and illustrative its usual form has, under the personal supervision of Mr. Geo. Edwards, F.C.A., C.B.E., of the well-known firm of Messrs. Edwards, Morgan and Company, Chartered Accountants, Head Office in the city of Toronto, been revised and set up in a manner more in conformity with those of banks, railway corporations and other financial institutions. Mr. Edwards and his firm have given considerable attention to this revision without remuneration. The revised balance sheet will undoubtedly be favourably received by outside business concerns.

Certain tables, which have been reproduced from year to year hitherto without alteration, have, for considerations of economy, been omitted from the published accounts for the fiscal year ended March 31, 1920, as no longer serving any useful purpose, and also as tending to emphasize the value of the tables which have been retained. Information contained in the tables now omitted may be found in the published accounts for the previous year. A footnote to the "Table of Contents," with which the present publication is prefaced, will indicate the tables so omitted.

In further compliance with your instructions, the usual method of arriving at the net debt of the Dominion has been modified by not including non-active assets, as explained to Parliament in your Budget Speech of last Session, the result, when the accounts of the year were finally closed, being an increase of the net debt from \$1,964,853,618.62 (the amount which would have been determined under past method) to \$2,248,868,623.79, the difference being \$284,015,005.17, representing non-active assets referred to in your Budget Speech of May 18, 1920, as follows:—

"It is obvious that the advances to the Canadian Northern, Grand Trunk Pacific, and Grand Trunk Railway Companies cannot be treated as active assets. They are not at the moment realizable; further, no interest is being paid, and in some cases the principal as well as interest is over-due. As is well known, Canada is now the owner of the Canadian Northern, receiver for the Grand Trunk Pacific, and steps have been taken for the acquisition of the Grand Trunk. While the Railways have potential

"value, at the present time the fact is that the country itself owns the Canadian Northern and is responsible for the operation of the Grand Trunk Pacific, with resultant heavy cost to the taxpayer.

"Assets which are not readily convertible, as the specie reserve is convertible, or are not interest producing, are not such assets as ought to be deducted from the gross debt. They are inactive, they are items of such a character as might well be placed in a suspense account. At any rate, whatever may be their future value, however great it may be, they are not assets of such a character as to directly reduce the gross debt any more than the other capital accounts of the country ought to be deducted from it.

"I would therefore reduce the deductions made from the gross debt by the railway items already referred to, and on the same grounds after making a study of the amounts making up the \$39,000,000 odd charged to miscellaneous investments, I would reduce that item by \$11,015,951.20, and the item, miscellaneous and banking accounts, of \$175,000,000 odd by the sum of \$56,592,463.12. While the charge against the Imperial Government is correctly stated as of the above date, beyond all question there are further contra accounts of the Imperial Government which will approximately reduce this credit item by some \$33,033,333.34. The result of providing for this contra account and of treating the inactive items as items that ought to go in suspense or capital account is to reduce the investments included in calculating the net debt by \$337,359,124.07, and to increase the net debt as shown from \$1,935,946,312.85 to \$2,273,305,436.92."

### ORDINARY RECEIPTS AND PAYMENTS

The Receipts on account of Consolidated Fund for the year amounted to \$349,746,334.70, and the expenditure on the same account \$303,843,929.90 showing surplus of Ordinary Receipts over Ordinary Expenditures of \$45,902,404.80.

## SUPERANNUATION AND RETIREMENT ACTS

The statement showing the number and total salaries of officials coming under the Superannuation Acts and Retirement Act has been continued to March 31, 1921.

## AUDIT BY CHARTERED ACCOUNTANTS

There has been in progress during the year an audit of the transactions affecting the public debt, including the accounts respecting the various loan flotations which have taken place since 1914, and the interest charges thereon down to the present time. The work has been conducted by Messrs. Edwards, Morgan and Company, Chartered Accountants, who have reported that "all sums properly accruing to the revenue from these flotations have been fully accounted for". The aggregate amount involved in these loans was over \$2,375,000,000. They further report that "the accounts respecting the redemption, transfer and exchange of bonds which form part of the above-mentioned issues have been verified and found to be correct". The accounts respecting the payment of interest are still under examination. In this connection it has to be stated, with regret, that the audit has disclosed misappropriations by a trusted official, who has since been sentenced, upon his own confession, to a term of imprisonment for the offence. Of the amount thus stolen, \$3,000 has been recovered.

In accordance with the direction of your immediate predecessor the scope of instructions to Messrs. Edwards, Morgan and Company, has been extended to include an enquiry into the methods employed by the various departments for safeguarding the revenue, also a general stock-taking of the public assets with a view to having the same properly set out in future balance sheets.

The Public Accounts as presented herewith have also been audited by the said firm and their certificate is printed with the Balance Sheet.

Respectfully submitted,

*Deputy Minister of Finance.*
